

Ideation Phase

Empathize & Discover

Date	30-06-2026
Student name	Pappula Yaswanthi
Project Name	Employee id card request
Maximum Marks	

What is an Empathy Map?

An Empathy Map is a collaborative tool used to understand the users of a system by capturing their thoughts, feelings, challenges, needs and goals. It helps us step into the users' shoes to design solutions that are user-centered and solve the right problems.

For our project – Employee ID Card Request, the empathy map helps us understand the end users and IT teams who interact with the system.

EMPATHY MAP – Employee ID Card Request in ServiceNow
